

Documentary Film Program Is Offered

Two great documentaries dealing with British and American cities will be presented at the regular film program of the Los Angeles County Museum in Exposition Park this Friday night at 8 o'clock.

The American city will be presented in Pare Lorentz's classic, "The City," the musical background of which was composed by Aaron Copland.

The British city is dramatically presented in the film, "The Way We Live," through the adventures of a bombed out family, the plans for reconstruction of blitzed Plymouth are graphically portrayed. This is the story of a collaboration between Plymouth's city engineer and city planner Sir Patrick Abercrombie to build from the ruins of a historic city a new townships designed in every detail for the convenience and edification of its citizens.

Admission is free.

First Court of Awards For Perry PTA Scouts

The first Court of Honor was held at Perry School Thursday. The troop, sponsored by Parent Teachers Association, is under the direction of Mr. Lester Clemons, teacher at the school.

The court opened with the pledge of allegiance led by Color Bearer Frank Sheffield, Jr., accompanied by Color Guards Jimmy Specht and Arthur Gerardo.

Mr. Claude Haskins, chairman of the troop committee, introduced the Scouts and Scouters to the parents.

An impressive Tenderfoot investiture ceremony followed with the awarding of 28 badges for the tenderfoot rank.

Eighteen boys were awarded their second class pins.

Raul Almeida was given the award of senior patrol leader by the court. He has done a fine job in assisting Scoutmaster Clemons.

Two boys, Jimmy Specht and William Almeida, were officially made patrol leaders.

Andrew Sais, field executive for the Harbor District Boy Scouts, gave a very interesting talk on the value of Scouting to the boy and to his community. He praised the efforts of Scoutmaster Clemons for his work

Parents Night Is Sponsored

An exceptionally well attended meeting of the Perry PTA last Tuesday evening, was devoted to a reception for teachers and an opportunity for each parent to visit his child's classroom.

After a short business meeting, Linda Kelley, fifth grade student, presented an accordion solo. Mrs. O'Brian, and Lester Foster, third and fourth grade teachers respectively, led community singing with Mrs. Betty Booth playing the accompaniment. Robert Morton, principal, presented the Perry faculty members and discussed the critical shortage of classrooms which has been the result of the rapid growth of this community.

A combination bazaar and card party was planned for Thursday, December 1. A food sale will be held at the school at noon to be followed by a bazaar and card party in the evening. Proceeds will be devoted to welfare.

Christmas Seals raise funds for the fight against tuberculosis.

VERSATILE . . . Stadium, theater, or executive's front office—name your occasion and watch this versatile basic dress keep pace with the changing scene. Of Julliard worsted, it will keep you snug as the French horn player, bright as chrysanthemums on the 50-yard line. And, with proper accessories, it will mark you the model career woman among the "Monday morning quarterbacks." Available in red, teal or green, this Penart dress is among Good Housekeeping's "Facts-First Fashions" and retails for about \$30.

Christmas Seals have been sold annually since 1907. Since that time, the annual death rate from tuberculosis has been forced down more than 80 percent.

Christmas Seals raise funds for research in the fight against tuberculosis, as well as for the necessary education and case-finding which help to wipe out the disease.

In Los Angeles County, more than 650,000 families will receive Christmas Seals during the 1949 campaign. Funds will be used to fight tuberculosis, heart disease and rheumatic fever.

Be not angry that you cannot make others as you wish them to be, since you cannot make yourself as you wish to be.

Customers' Corner

Will A&P be put out of business if the anti-trust lawyers win their suit against this company?

Absolutely! And here's why:

A&P's retail stores will be broken up into seven groups and sold to new owners.

A&P's factories, which produce many of our fine foods, will be sold to still other new owners.

None of the stores and factories can be connected in any way, which will wipe out the savings you now enjoy on the foods A&P makes.

None of the present owners or management who have made A&P what it is, today can have anything to do with either the stores or the factories. So, while there may be a food store where your A&P is now located, it won't be your A&P store. It will be operated by different owners and under new management.

Make no mistake about it, if the anti-trust lawyers win their suit it will mean the end of A&P as you know it.
